

Project Proposal	In a Combined Dunbar Submission (combined projects total maximum £300,000.00)	Stand on their own Submissions (Important projects requiring significant recourses beyond the combined Dunbar submission)
<p>Local Project Activity Coordination, Support and Communication proposals:</p>	<p>Dunbar Projects Coordinator(s). To monitor and evaluate how well CCF project objectives are being achieved; To facilitate and coordinate all local projects receiving funding in this bid to develop and deliver their action plans on time and in budget; To ensure efficient administration of funds; To report to CCF; To provide communication, coordination and support services for Dunbar Traders Association; Community Council and local groups to improve communication and access to additional resources. Proposal submitted by Dunbar Community Council member Will Collin;</p> <p>Task Group Notes: <i>“All agreed this will be an essential aspect of administering the combined proposal and would serve to meet the wider local need identified in previous consultations for a ‘Town Manager’”.</i></p> <p>Dunbar Ward Development Officer(s) to appraise and co-ordinate an economic and social tourism, etc. Evaluation of the potential benefits that can be developed with the Dunbar Ward. Proposal submitted by Dunpender Community Council member Jonathan Swift;</p> <p>Task Group Notes: <i>“All agreed that that elements of this proposal could be carried out by ‘Projects Coordinator’ (Town Manager) and then additional funding to be sourced to achieve the full proposal”.</i></p>	<p>Dunbar Citizens Advice Bureau Outreach Project to support individuals to improve their knowledge and confidence to make decisions in their lives through involvement in volunteering, influencing decision making and policy formation. Proposal submitted by Haddington Citizen’s Advice Bureau representative Anne Hastie</p> <p>Task Group Notes: <i>“All were in agreement that this is very important and a vital service for our area and requires sufficient resources. It was felt that this was an important project and one which is beyond the scope of a combined proposal. Recommend this project submits a single proposal for funding”.</i></p>

Project Proposal	In a Combined Dunbar Submission (combined projects total maximum £300,000.00)	Stand on their own Submissions (Important projects requiring significant recourses beyond the combined Dunbar submission)
<p>Local Infrastructure proposals:</p>	<p>Dunbar Traders Association High Street Project to ensure more car parking for tourists and local people and better information signage about what Dunbar has to offer. Proposal submitted by Dunbar Traders Association member Gail Litherland.</p> <p>Task Group Notes: <i>“All agreed this proposal meets with the priorities which have been identified in previous local consultation. Improved information signage is within the scope of this combined submission”.</i></p> <p><i>All agreed that the car parking issues are out with the scope of a combined Dunbar submission and an area that CCf will not fund because “the Government has responsibility for it” (as per CCF Guideline notes)</i></p>	<p>Dunbar and District Cycle Path Network Project to develop a connected, properly surfaced, signposted comprehensive cycle path network connecting Innerwick, Dunbar, and East Linton also paths within towns and villages. Proposal submitted by Morag Haddow on behalf of Sustaining Dunbar.</p> <p>Task Group Notes: <i>“All were in agreement that is very important for improving the infrastructure of our area and requires sufficient resources. It was felt this project is one which is beyond the scope of a combined proposal. Recommend: this project submits a single proposal for funding”.</i></p> <p>The East Beach Boating Pond Project to build a boating pond at East Beach to attract local and visitors to use the beach more - for more things. Proposal submitted by Lisa Bryson.</p> <p>Task Group Notes: <i>“All were in agreement that is great project for our area and requires sufficient resources. It was felt this project is one which is beyond the scope of a combined proposal. Recommend: this project submits a single proposal for funding”.</i></p>

Project Proposal	In a Combined Dunbar Submission (combined projects total maximum £300,000.00)	Stand on their own Submissions (Important projects requiring significant recourses beyond the combined Dunbar submission)
<p>Local Enterprise and Capacity Building proposals:</p>	<p>Dunbar Enterprise Hub Project to develop a facility for new local businesses and social enterprises to start up and rent serviced office spaces and equipment like the Melting Pot and ScreenWorks in Edinburgh. Proposal submitted by Iain Waugh on behalf of Sustaining Dunbar and Dunbar Community Energy Company. Task Group Notes: “All agreed that this submission meets all the CCF criteria and within the scope of a combined Dunbar submission”.</p> <p>Local Market Project to coordinate and organise regular street markets in Dunbar. Proposal by Louise Nicolson on behalf of the Dunbar Market Group Task Group Notes: “All agreed that this submission meets all the CCF criteria and within the scope of a combined Dunbar submission”.</p> <p>Greenwood Working Skills Courses Project to give people of all ages the chance to develop skills learning how to make greenwood products using traditional methods and tools. Proposal submitted by Isobel Knox on behalf of the Dunbar Community Woodland Group. Practical Skills Workshop Project to develop a local woodworking workshop to deliver training and develop new businesses. Proposal submitted by Iain Waugh on behalf of Sustaining Dunbar and Dunbar Community Energy Company. Dunbar Rowing Project to encourage and enable use of the newly built rowing skiffs and to build local capacity to build boats, safely row on the sea etc. Project submitted by Paul and Lucy Dunce on behalf of the Dunbar Rowing Club. Task Group Notes: “All agreed that the above 3 woodworking related projects would fit in the scope of a combined Dunbar submission if they combine their proposals – recommend the 3 projects meet to discuss and pull together”.</p>	<p>The Ridge Project to Develop a derelict steading to establish a walled garden, restaurant, educational/training facilities, function rooms and offer training primarily to NEETs (young people not in education, employment or training) in horticulture and catering/hospitality, and also to other community groups and individuals who are interested/would benefit from our expertise and/or the spaces/facilities we offer. Proposal submitted by Kate Darrah on behalf of The Ridge (Scotland) CIC.</p> <p>Task Group Notes: “All were in agreement that is an important project and requires sufficient resources. It was felt this project is one which is beyond the scope of a combined Dunbar proposal and located too far from the coast to meet the CCF guidelines. Recommend: this project submits a single proposal for funding”.</p>

Project Proposal	In a Combined Dunbar Submission (combined projects total maximum £300,000.00)	Stand on their own Submissions (Important projects requiring significant recourses beyond the combined Dunbar submission)
