COMMUNITY BENEFIT FUND

Application Form

The aim of the scheme

Aikengall II Community Wind Company Ltd has established a community benefit fund as part of their ongoing commitments to communities in the vicinity of the wind farm. The purpose of the fund is to enable communities to carry out improvements to their local area which will benefit or improve the wellbeing of individuals, organisations or the infrastructure of the local Community area.

Money available

Each year, the wind farm allocates an amount of money to the Dunbar Community Council, who then administer its disbursement to the community. The total amount of money is based on the installed capacity of the wind farm.

Project proposals

Consideration will be given to all types of project, which will benefit the local community, and permission to proceed will be granted for ideas, which successfully fulfil the aim of the scheme. Applications will be dealt with on receipt. However, please ensure that you have the relevant quotes or permissions to avoid any delay in processing.
